THINESH RASLA

Tamilnadu | India | 9994627465
programmer.rasla@gmail.com

Summary

Software Developer with 5+ years of experience building modern web and hybrid mobile applications. Skilled in full-stack development using React, Svelte, and Flutter, with strong expertise in Linux environments. Passionate about writing clean, performant code and delivering scalable, user-centric solutions. Always eager to learn new technologies and tools to stay ahead and innovate in fast-paced tech teams.

Experience

Wenoxo Technologies Private Limited | Tamilnadu, Nagercoil
Tech Team Lead | 10/2023 - Present

- Led a team in developing performance-oriented dashboards using Svelte, Next.js, and React, improving load times and enhancing user experience.
- Designed and implemented scalable backend architecture using NestJS, Postgres, and MongoDB, optimizing performance and ensuring seamless scalability for growing user demands.
- Collaborated closely with cross-functional teams to integrate frontend and backend systems, ensuring robust and maintainable full-stack solutions.

J Tech World | Dubai
Full Stack Developer | 07/2022 - 10/2023

Developed end-to-end products as a solo developer, utilizing Next.js, Tailwind CSS, and MongoDB for building performant front-end and back-end solutions.

Led the entire product lifecycle, from software design and development to deployment.

Theecode Technologies Pvt Ltd | Chennai
Full Stack Developer | 10/2021 - 05/2022

- Developed end-to-end products as a solo developer, utilizing Next.js, Tailwind CSS, and MongoDB for building performant front-end and back-end solutions.
- Led the entire product lifecycle, from software design and development to deployment.

VirtualMaze | Chennai
Web Developer | 11/2020 - 04/2021

- Led a team of interns, guiding them through project development.
- Automated company tasks using Python, including developing an automatic email system for work updates
- Built interactive maps using Leaflet and JavaScript, enhancing data visualization and user interaction within the application.

Skills

JavaScript (ES6+) & TypeScript, React.js & Next.js, Svelte, Flutter (Dart), NestJS (Node.js backend), PostgreSQL, MongoDB, REST & GraphQL APIs, Linux & Bash scripting, Git & GitHub, Docker & containerization, CI/CD basics

Education

Universal College of Engineering and Technology | Vallioor, Thirunelveli
Bachelor of Engineering (Computer Science) | 04/2021

Graduated with a 7.91 GPA, consistently maintaining strong academic performance in Computer Science.

Secured a campus placement in the final semester and gained valuable industry experience by working part-time during college.
